H5 Airtime Mini-App - Simple User Guide

What This App Does

A mobile web app that lets you send airtime, data, and SMS bundles to any phone number worldwide. No app store needed - works directly in the SUper App.

Main Features

1. Enter Phone Number

- Type any phone number with country code (e.g., +263771234567)
- App automatically detects which country and telecom provider
- Shows you what bundles are available for that number

2. Choose What to Send

Airtime - Direct money to phone balance

- Fixed amounts: $5, $10, $20, $50
- Custom amounts: Any amount you want

Data Plans - Internet data bundles

- Daily: 1GB for 24 hours
- Weekly: 5GB for 7 days
- Monthly: 20GB for 30 days

SMS Bundles - Text message packages

- 100 SMS for 30 days
- 500 SMS for 30 days
- Unlimited SMS for 30 days

3. Payment & Verification

- Enter your phone number to get a verification code
- Choose payment method (card, digital wallet, mobile money)
- See exactly what you'll pay and what recipient gets
- Complete payment securely

4. User-Friendly Features

- **Edit Numbers**: Change phone number anytime
- **Promo Codes**: Use discount codes and gift cards
- **Multiple Languages**: English, Spanish, French, Arabic, Chinese
- **Clear Pricing**: See all costs upfront, no hidden fees

How It Works

Step 1: Enter Number

```
User types: +263771234567
